Preface

This guide describes the development of the connector that is used to onboard Grafana Server as an applications into Oracle Identity Governance.

Audience

This document is intended for people who deal with the administration of resources as well as teams who deal with the integration of target systems.

Related Documents

Typographical Conventions

The following table describes the typographic conventions that are used in this document.

Convention	Meaning
boldface	Boldface type indicates graphical user interface elements associated with an action, or terms defined in text or the glossary.
<i>italic</i>	Italic type indicates book titles, emphasis, or placeholder variables for which you supply particular values.
monospace	Monospace type indicates commands within a paragraph, URLs, code in examples, text that appears on the screen, or text that you enter.

Symbol Conventions

The following table explains symbols that might be used in this document.

Convention	Meaning
[]	Contains optional arguments and command options.
{ }	Contains a set of choices for a required command option.
\${ }	Indicates a variable reference.
-	Joins simultaneous multiple keystrokes.
+	Joins consecutive multiple keystrokes.

Convention	Meaning
>	Indicates menu item selection in a graphical user interface.
